

Shroons.

Democracy is the debate of ideas. It is not fake news. Not verbosity of rhetoric! Not Madison Avenue psychology. Manipulating others into a predetermine choice by way of "unenlightened self interests". Only brings conflict.

Those who think govern those who toil.

The search for solutions does not involve the "Blame Game".

Putin covets Ukraine's property and seeks to obtain it by means of blackmail, threats and violence. This is Criminal! Its contrary to human nature! Putin does not see this as horrible.

Putin and the Russian church seek to enrich themselves at the expense of weaker nations!

Russia, China and North Korean aspire to dominate others for selfish reasons. They are not capable of unconditional love at this point. Maybe when they suffered enough they might get there. This war is not acceptable to the universe.

Death and destruction is the birth right of Nations who force their will on others. Innocence and freedom is the cornerstone of justice.

Russia, China and North Korea pretend to do what is good and just for the sake of power and wealth. This selfish philosophy will bring them destruction for war, disease and global warming. America has already passed through this lesson from the gulf wars.

GOP strategist criticizes Marjorie Taylor Greene's remark about Catholic church shows that she is a "nutcase" and "ought to be in treatment and not in public office". Why have the "powers" that be not bounced her ass out of office???

Economics is really Psychology in disguise.

To do what is good and just with a view to self-advancement and gain is Evil.

Wealth in service to others leads to happiness and peace for all.

Service to others does not separate the will from the intellect.

Russia extorts Ukraine by violence. This is criminal and contrary to human nature and to the solar societies. It is evil.

To enrich yourself at the expense of others, that is, to take their goods and services is evil.

When humans began to think one way, speak another, and act entirely opposed to

both; "Evil" is born! Then religions changed this notion into a being called "Satan" so as to control the people and increase their cash flow.

Self love is not compatible with unconditional love.

To speak as you will, to will as you think, to act in accordance with both your thought and speech, this is the way of the stars! All the solar societies "will" only the good. They speak, think and act only what is true. Those who refused are contained and exiled to pre-historic planets without their technology. This is the way of the stars.

Parasitic Scum.

Duplicitous Taint.

Take all Russian banks off SWIFT now!

Corn farmers have a saying: "Cut the nuts off the Bear and the Bear will respect y'all sure enough"!

Mr. Putin you are "half parasitic scum, and half duplicitous taint". If you end up in an American jail your asshole is ours!

The ETs' I am in contact say that "Civil War" is about to break out in Belarus between Russian and Ukrainian supporters.

"The world has come to a point not only of no return but of total crisis, total confrontation between good and ill, between that which produces harmony and that which produces the opposite. This is the result of the energy of the Sword of Cleavage" Ben Creme

We're going to take control of these psychopathic dictators; and assume control of their Administration by way of "civil" noncompliance to their evil wills. Their reign of "murder and chaos" is about to come to and end.

"In the land of the blind, the One-Eye warrior is king! God will bless them for their suffer. They are showing us the way to the light.

Mr. Putin; There are more things in heaven and Earth, Than are dreamt of in your philosophy! Leave Ukraine. Slava Ukraini!

"Evangelicals" believe a savior is someone who forgives their sins! They use this notion to fund their churches. But Jesus is a teacher of divine laws! Begging Jesus to forgive your sins violates Divine Law. Cast your bread upon the water and it will return 7 fold. "Free will" and "Karma" is Divine Law.

Religious fanatics say they love god, but they do not know what it is they love, nor what god's divine law is. The fact is these "fanatics" exist to a lesser or

greater degree in every ET culture throughout the universe. "As above, so below. So below, as above"

Mr. Putin Withdraw at once from Ukraine. See medical treatment in the West. You have no choice.

ETs: "Putin's health will force him "out of office" before the end of **2022**. There is already a power struggle underway. An unknown "Doctor" who serves in the Russian Duma will become Russia's new leader. He will return the people back towards their spiritual path and restore their economy".

The capitalistic "Supply and Demand" chain will soon collapse. "Marshall Law and Rationing" on a world wide basis will transition the world into the new universal basic Income economy. This new economy will be administer on a consensus basis at the United Nations.

America support of Ukraine is morally praiseworthy. Unlike the America's two gulf wars this fight is over democracy. That is, this fight is over basic human rights, and the notion of majority rule and minority voice. This war is a repeat of WW2.

No nation has the right to murder another nation's leaders. Nor has it the right to murder or in-prison its' own minority for political purposes. All wars are about resources. Only a universal basic income can take away the cause of war.

The "creative" is not the be all and end all of our existence. It is not god. The higher source is the absolute unknowable "all-ness" which cannot be bought or sold! Its' beyond perfection. It is beyond monetization. Beyond our illusion of reality. Think about it!

They call themselves follower of Jesus Christ? Sure looks like they serve the dark ones to me?

Due to global warming poorer nations are in "trouble" food and medical wise. So we must have zero tolerance for trouble makers like Trump and Putin. If China and North Korea want to side with them then we will settle this question on the battlefield.

Putin has bought off the western press. Investigate. Follow the money!

Putin is trying to teach his daughter social cannibalism.

Morally corrupt politicians must be driven from power! No deals. No compromises. No Excuses!

Those who embrace evil your end is coming.

Hungry is a selfish nation who puts their interest above the harmony of NATO. This play into Putin's Divide and conquer strategy. Energy is his main weapon!!

Putin is using energy to destroy democracy from within. But God's use of globe warming will block him this summer!

NATO should reconsider which nations put their selfish interest before others,

Fuck that Kumbaya bullshit! It ain't time for peace and love yet!

My Info is that Russian troops are using cell phones to call the Ukraine military and report their Russian general's locations. That way they avoid orders and stay alive.

My info is that a number of ETs are embedded within the Ukrainian military. They are aiding Ukraine. Only a very few earth humans know this fact!

Leonidas fought Xerxes at Thermopylae to stop the Violent Robbery, Plunder and Pillage! History has seen many Putin's who glorify their evil deeds with fake news. Each time a hero has risen to oppose them. Ukraine is earth's modern day Leonidas! All hail the "Spartans" of Ukraine who fight for the cause of unconditional love and democracy. We salute you!
Slava Ukraini!

The journalist creed: "The whole truth and nothing but the truth, so please lord help me publish only the confirmed facts and not speculation, hype or pundit's hear say." Slava Ukraini!

The re-unification of Taiwan and China can only occur under a "Democratic system". The Communists did not defeat the Democratic military of Taiwan on the battlefield. America has never agreed to the Communist's vision of re-unification! America will never accept a Communist's Taiwan!
